### County Reports

#### Contra Costa

- As of Monday, September 14, 2020, Contra Costa County has aligned its COVID-19 social distancing health order with California's Blueprint for a Safer Economy, so the county no longer has different reopening rules for businesses and activities beyond what the state requires or allows. The change simplifies the plan for reducing the spread of COVID-19 in Contra Costa County so that people and local businesses can better understand and identify the steps we all need to take to keep ourselves, our families, workers and customers safer during the pandemic. The health order retains health guidelines for social bubbles and structured contact between people from different households. It also allows some additional businesses to reopen, following the state health guidelines for their industries:
  - Personal care services that involve close contact with the face may begin operating outdoors, except for tattooing, piercing and nonmedical electrolysis.
  - Racetracks and cardrooms may operate outdoors.
  - Music, television, and film production may resume.
  - Professional sports without live audiences may resume.
- All DriveThru Testing and Tent Testing sites have the option to alter their hours based on weather conditions and/or due to smoke and unhealthy Air Quality Index (AQI). Monitoring conditions for the rest of the week and assessing hours of operation on a daily basis.
